

Introduction

Clean Energy Consulting is a well-established BC company with a passion for building outstanding projects. With involvement at all stages of project development, we strive to better understand and fully accomplish the project outcomes. Our self-directed, hands-on team enjoys the opportunity to be involved from the concept through into operation. This allows our team to learn and improve while providing ongoing challenges and opportunities for development.

Summary

Clean Energy is looking for a talented, passionate individual to take on the challenge of leading our Project Services group. As a part of the senior leadership team, the group leader is responsible for overseeing project deliverables, overseeing project and construction managers, as well as engaging as a senior project manager on one or more projects. To be successful, the individual must be able to effectively organize, delegate, and deliver results by engaging the team.

This is a unique opportunity to contribute to a program of aspirational projects that demonstrate the integration of technical and economic viability with premium social and environmental stewardship.

Requirements:

1. Expert at practical, hands-on project management
2. Strong experience and intimate knowledge of project work flow and schedule optimization
3. Background in mid-size project development and implementation (Capital size approx. \$20million)
4. Track record of successful projects with references
5. Desire to teach, mentor, and transfer skills
6. Ability to extract best practices from an operating business unit and design processes to support and optimize project delivery

The position can be based in either our Prince George or Vancouver office. Clean Energy offers a professional and engaging working environment with competitive compensation and benefits packages.

Please forward a resume with cover letter by email to: careers@cleanenergyconsulting.ca. We thank all applicants for submitting their resumes; however, only applicants who are being considered will be contacted.
